

ASPIRE

Asian American Cohort Study

Be part of a historic nationwide effort to prevent cancer in Asian American communities!

We are seeking to enroll people who are:

- Asian or Asian American (including multiracial)
- Age 40-75
- Currently living in the US or US territories
- Not diagnosed with cancer

ASIAN AMERICAN

Cancer is the leading cause of death for most Asian American groups.

HEALTH

IS

Asian Americans have high rates of liver, gastric, thyroid and cervical cancers.

UNIQUE

But there is relatively little research on cancer in Asian Americans.
